## **Streelow Creek Trail Improvements Environmental Assessment Available for Comment**

The National Park Service (NPS) is seeking comments on an environmental assessment for a project to improve the Streelow Creek Trail north of Orick in Humboldt County.

The trail was established on an old logging road along Streelow Creek, a tributary of Prairie Creek. Streelow Creek contains spawning habitat for anadromous salmonids. Many locations along the road are failing and have the potential to deliver sediment directly into the creek. The failing road and drainage structures need improvements to prevent sedimentation of salmon spawning habitat and to ensure that the bike-hike trail remains available for safe and enjoyable visitor use.

The Streelow Creek Trail runs between Davison Road and the Davison Trail along Prairie Creek. The trail would be closed for approximately two years beginning in September 2010. The Davison Trail will continue to be available for hikers and bicyclists.

The environmental assessment is available for review at local libraries and park offices, and on the Internet at <http://parkplanning.nps.gov/REDW>.

Comments must be submitted in writing by April 23, 2010 and may be sent to:

Mail: Superintendent, Redwood National Park  
Attn: Streelow Trail  
1111 Second Street  
Crescent City, CA 95531  
Fax: (707) 464-1812

Copies of the plan may be reviewed at the following locations during normal business hours:

Redwood National and State Parks Visitor Center  
1111 Second Street  
Crescent City, CA 95531

South Operations Center  
National Park Service  
121200 Highway 101 S  
Orick, CA 95555

**1111 Second Street, Crescent City, California 95531**
